EL SEGUNDO, CA 90245
PH: 310.363.4705
C: 323.522.7092
APARKER@TRAMMELLCROW.COM

As Vice President of Trammell Crow Company, Mr. Parker oversees projects across a range of product types from pre-development through construction. He is a seasoned construction professional whose outstanding execution skill set is a vital asset to the company, partners and clients.

With over a decade of industry experience across multiple disciplines, Mr. Parker provides critical leadership and insight to the Company's SoCal – Los Angeles Business Unit.

Prior to joining Trammell Crow Company, Mr. Parker served as Construction Manager of Development for Equity Residential where he successfully completed Howard Hughes Center, a 545-unit multi-family project; the Alton, a 344-unit multi-family project as well as others. Mr. Parker also has construction management experience working directly with General Contractor Morley Builders from 2007 to 2014. Prior to this employment, Mr. Parker worked as a structural engineer.
